“...YOUR SINS ARE FORGIVEN”

A person is made up of a soul and a body. Just as the body suffers from various illnesses, so, too, the human soul suffers from its own illnesses. In the light of Christ's teachings, illness is a power, energy, which brings suffering to the sick person and to those close to him or her. All of humanity is crippled by sins. We all suffer because of sin in one way or another. Illnesses, according to Christian teachings, are allowed by God's plan, which we do not understand and, therefore, sadly ask: “Why? For what reason?” And, what about the illnesses of the soul? Often people themselves consciously bring illnesses down upon their soul by deliberately transgressing the Commandments of God. To break any Commandment is a heavy sin which brings illness to the soul, which, in turn, can lead to illness of the body. It seems that sin, the breaking of God's Commandments, is the cause of all suffering. Perhaps this is so. When God gave us His Commandments, He did so out of goodness and love for us. Not for Himself, not to enslave us or limit us or oppress us did He do this. God's Commandments were designed to caution and guide us along the road of our earthly life.
