The 21 Recommendations issued by the Special Joint Committee of the Government of Canada on "Physician-Assisted Dying" were released Feb. 25. **You are urged to contact your elected MPs, the Prime Minister, and the Ministers of Justice and of Health to express profound concern about recommendations that include:**

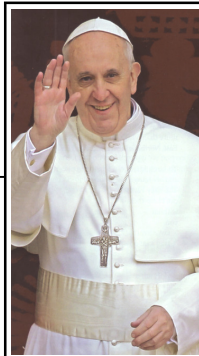

- Making assisted suicide available to those with psychiatric conditions
- Including psychological suffering among the criteria making an individual eligible for assisted suicide
- Asking that serious consideration be given to making assisted suicide available to "mature minors" (adolescents/children)
- Obliging all health-care professionals to provide an "effective referral" for clients seeking assisted suicide
- Requiring all publicly-funded health care institutions in Canada to provide assisted suicide (including faith-based hospitals and care homes.)
