Kathie Tolley and a group of Carlton Science students were invited to do research at the Synchotron at the University of Saskatchewan. Their research studies the disease of clubroot in canola. She is the great granddaughter of Jean Moskwa.

Siobhan Bayda, Albert & Monica's granddaughter, a St. Mary's High School student, is part of a singing group called "Wolfe". They have made it to the CBC Searchlight's top four! The winner will get to record a song for Canada's birthday. Siobhan's song "Dumb Dog" got most positive feedback.

GOOD DEEDS.....

In His teachings, Jesus asks that as his followers, we be aware of the needs of those in this world less fortunate. This is not always easy to do, but there are those among us who learn of the needs of others and do something about it.

In our Parish we are blessed to have a young lady by the name of Breanna Pochipinski who learned of the needs of people in far away India. Breanna along with her classmates at Blessed Marie Rivier Catholic School decided that they should and could raise the money to have two water wells dug in a rural area of India. By doing this, clean water would be available to desperate people. With great determination and the support of their school, these fine young women raised \$10,000.00 for this project.

Breanna, you and your class-mates are a shining example for all.

May God Bless you always.
