Human and Environmental Development Program

- *Lesya Sabada, Coordinator*

LESS PLASTIC FOR LENT

“We have traditionally regarded sin as being merely what people do to other people. Yet, for human beings to destroy the biological diversity in God’s creation; for human beings to degrade the integrity of the earth by contributing to climate change, by stripping the earth of its natural forests or destroying its wetlands; for human beings to contaminate the earth’s waters, land and air – all of these are sins.” Ecumenical Patriarch

Bartholomew

The Anglican community has developed some good ideas we can use to care for God's creation during the Great Fast. One of which is the “Less Plastic for Lent” Calendar and more information at: <http://www.greenanglicans.org/less-plastic-for-lent/>. and on the bulletin board.

Please consider implementing some of these ideas.
